# WILSONIAN 1975

I shall not pass this way again. Any good thing I can do, or any kindness that I can show, let me do it now! Let me not defer it or neglect it. For I shall not pass this way again.

—Stephen Grellet

Time is not measured by the passing of the years, but by what one does, what one feels, and wha one achieves.

—Jawaharlal Nehr

Nothing in life is to be feared. It is only to be understood.

# WE FILL THESE HALLS

The auditorium is filled with the light of knowledge during a National Honor Society Induction.

The cafeteria is filled with hungry students who beg, borrow, steal . . . and gyp for food.

The parking lot is filled with cars, shown here on a slow day. At three o'clock it is filled with students glad the day is over.

Wilson students possess a combination of characteristics found at few other schools. We are proud of so many things . . . who can forget the good old end-zone-gang; or the football team—they got so excited at pep rallies!

Wilson students are sponges when it comes to knowledge. They study anywhere, anytime, anyplace.

Wilson students are friendly . . .

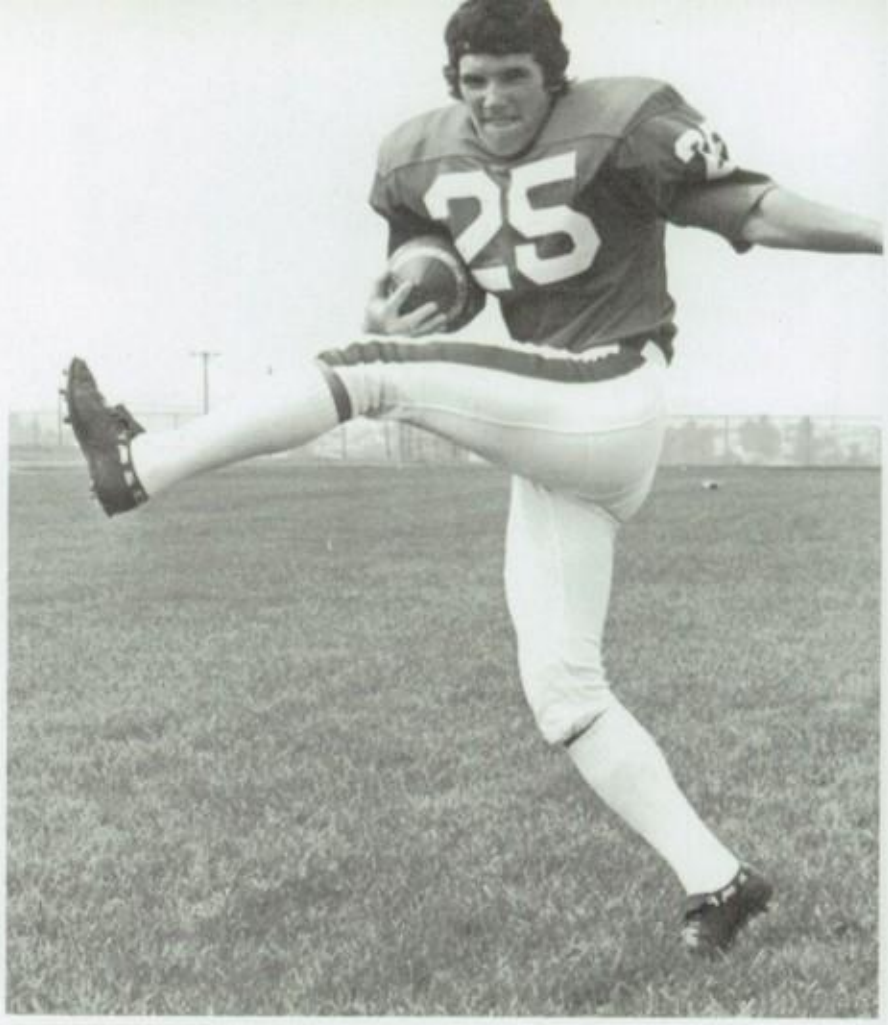
Wilson students have a keen sense of universal sportsmanship.

And they are quite poetic besides!

Wilson students stand up for their beliefs.

Wilson students are very talented. Here, Rick Keene is showing his impersonating ability. It's tough keeping up with Chris Noble!

Wilson students show style and grace.



"Hey, how about me?" Another impersonator!!

Wilson students are camera shy.

Wilson students always look on the bright side. Happy, aren't they?

We are extra proud that Wilson students show spirit, teamwork, and pride in their accomplishments.

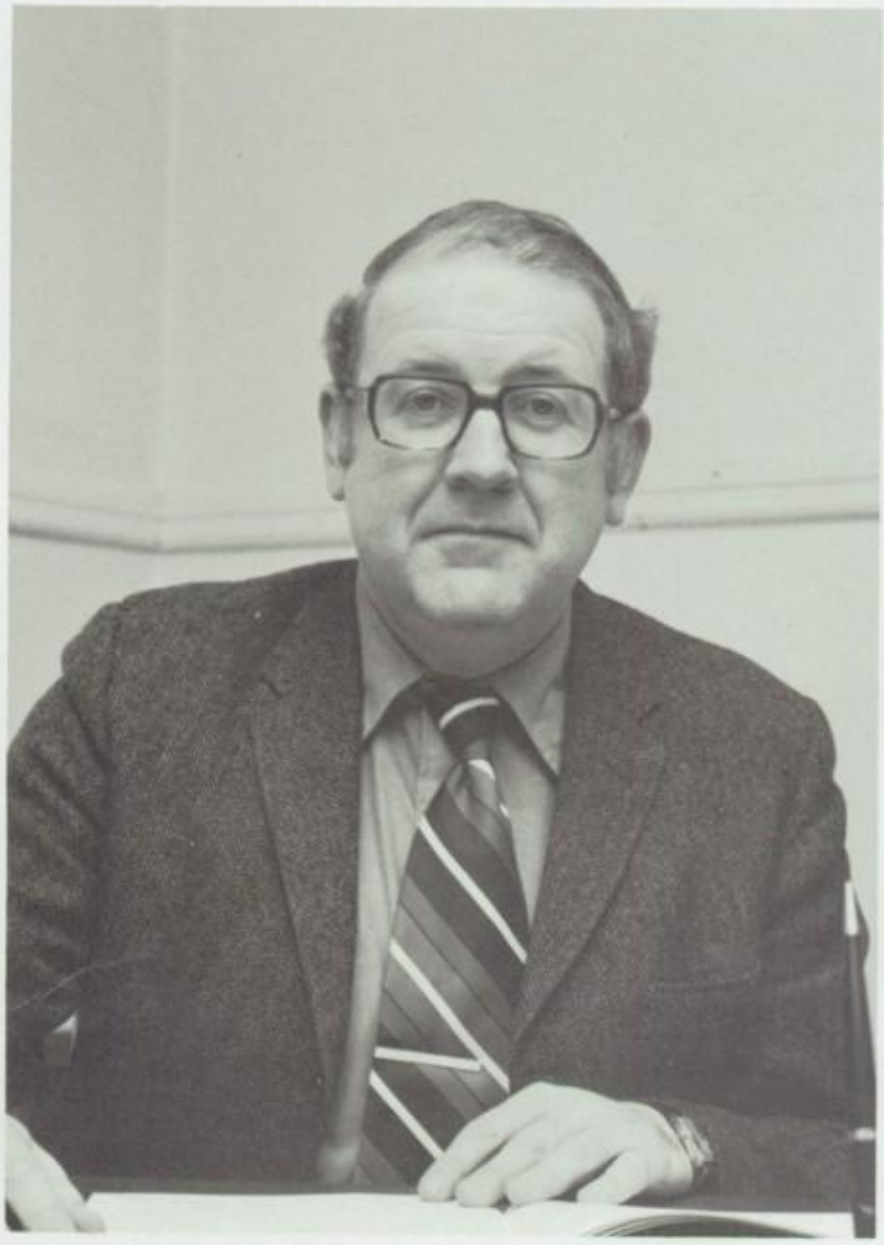
AUTHORITY: LEFT TO RIGHT: R. Cleon Beard, Mr. Donald K. Bobb, Chairman, Mr. Paul R. Geib, Treasurer, Mr. Paul B. Gudikunst, Assistant Secretary, Mr. Thomas F. Greene, Mr. Charles W. Massena, Assistant Treasurer, Mr. Clayton D. Rehrer, Director of Finance and Planning, and Mr. Calvin E. Smith Solicitor.

Members of the Board and Authority are elected by residents of the Wilson School District and serve voluntarily without any financial reciprocation. Through the members' hard work, dedication, and concern, children residing in the district are given the best educational opportunities available. The Board of School Directors functions as a legislative, policy-making body and the Authority has the duties of constructing and owning new buildings within the school district.

Schoolboard Officers

SCHOOLBOARD MEMBERS: SEATED LEFT TO RIGHT: Mr. John W. Stout, Mr. David E. Seifert, Mr. Ellsworth M. Becker, Mr. Alan K. Raffauf. STANDING LEFT TO RIGHT: Calvin E. Smith, Solicitor, Mr. Stephen A. Guresh, Mr. Walter I. Quade, Mr. George R. Wissler, Mr. Elmer L. Erb, and Mr. C. Robert Brockley.

# ADMINISTRATIVE PERSONNEL



Dr. George N. Fehr, Jr., Superintendent of Schools

Mr. Clayton Rehrer, Director of Financing and Planning

The administration, following certain state guidelines, plan, approve, and coordinate all school activities. Smooth, efficient operation of school functions is a major concern for the superintendent and his directors.

Dr. John Reitz, Director of Curriculum and Special Services

Mr. Douglas Houston, Business Manager; Coordinator of Cafeteria and Custodial Services

# KITCHEN KLATTER

Mrs. Auman, I sure hope you're using Dove!!!

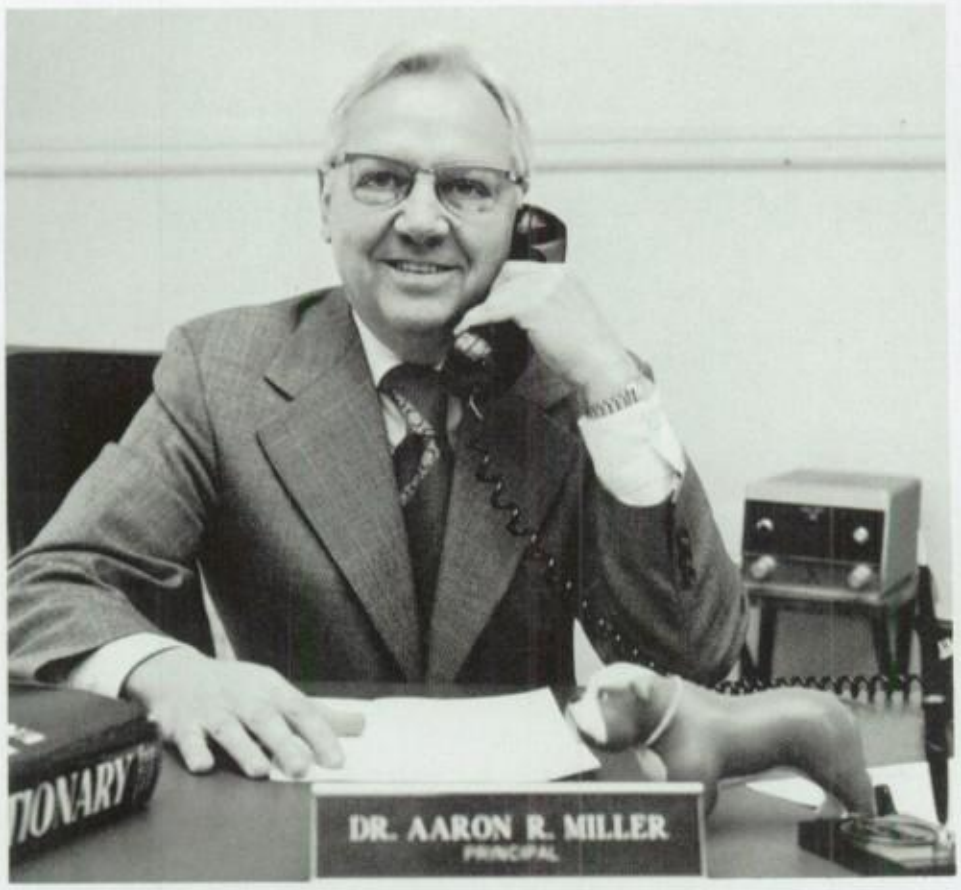
# OUR CAPABLE CUSTODIANS

Mr. Donald Shannon, Maintenance Supervisor

Maintaining the cafeteria and school grounds are two very necessary services which are often taken for granted. Mrs. Arlene Kuhlman and her kitchen staff ably plan, prepare, feed, and clean up after the entire faculty and student body.

Also working behind the scenes, Maintenance Supervisor Mr. Donald Shannon and members of his custodial staff put in many tireless hours of service to our school. Besides teachers' meetings, board meetings, regular classes, and any other extra-curricular activities, this energetic staff always keep the windows spotless and the floors shiny.

# PRINCIPALS



Dr. Aaron Miller, Director of Secondary Education

Mr. Charles E. Davies, Jr., Principal

Mr. Paul Thompson, Assistant Principal

Besides supervising school activities, the principals at Wilson High School help both students and teachers cope with problems that might arise during the course of the school year. If Mr. Thompson in the East Wing or Mr. Davis in the West Wing ever have a problem, Dr. Aaron Miller, Director of Secondary Education, is there to offer words of advice. Dr. Miller was at one time the head principal at Wilson.

# GUIDANCE

Mr. Paul Sommers, Jr, Department Head

Mrs. Faye Swalm

Mr. Forrest Fleishood

In order for the guidance counselors to become completely familiar with the students they help, a new manner of assigning a student to a particular counselor was initiated. Depending upon the alphabetical listing of a student's last name, either Mrs. Swalm, Mr. Fleishood, or Mr. Sommers became their counselor. All of the counselors are ready to help a student with any problem they might have.

# SOCIAL STUDIES

One of the prime duties of citizen of the United States is to be informed of the nation's history, national and international events, and of the workings of the government. The high school curriculum fulfills these duties through courses offered in the social studies department.

The social studies courses vary greatly, from American History, World Cultures, and Economics and Government which are required for graduation to Sociology, an elective subject.

Mr. Roy

Mrs. Behm

English class provides students with the opportunity to display their creative talents and to communicate more effectively with one another. Students have a choice of a traditional English course or of quarter courses. In quarter courses, a new area is covered each quarter; and some classes have a different teacher each quarter. Subjects range from poetry, creative writing, and composition to Shakespeare, the British novel, and the term paper.

To be a science teacher takes great skill and leadership. You must be able to direct your students with much concentrated effort and zeal. While working in the lab, it is also helpful to develop a tolerance for formaldehyde and sulfer. The Science Department opens the eyes of the students to the biological, chemical, and physical world around us.

Mr. Arner

Pay attention!

# LANGUAGE

Language: This year the language department offered courses in Spanish, French, German, and Russian to advanced students as well as beginners. Students find a use for these languages in their travels, reading, and occupations. The departments provide instruction in reading and speaking the languages. As pupils progress, they become versed in the cultures and histories of these nations, thus broadening the scope of their education.

Among the business courses offered at Wilson are: Notehand, bookkeeping, shorthand, and typing. These courses are necessary for the student who plans a career in business.

Some of the business students do typing for members of the faculty, the SPECTATOR, Des Pensees, and the WILSONIAN; while others work in the Central Treasury handling the bookkeeping for the school.

Needless to say, Wilson's business students receive the best education possible in their chosen field and proceed to better the business world of tomorrow.

# PHYSICAL EDUCATION AND HEALTH

Mr. Nye

Mr. Dadamio

Mrs. Chase

Wilson High School's physical education program plays a vital part in education. The purpose of this program is to help students recognize their full potential. The various activities such as volleyball, basketball, track, weight control, and gymnastics, give the student a chance to use muscles which would not ordinarily be used. Gym class also teaches the student good sportsmanship and competitiveness.

Health is also an important part of education at Wilson. This year there are new and exciting films for sex education and drugs.

# ART AND

Sandy—one of our dabblers.

Art: Opportunities for students to heighten their abilities in different areas of art, and encouragement for amateurs to go on and make a career of art are provided by the Art Department of Wilson High School. Headed by Mr. Wealand and Miss Berger, it is very much a part of life at Wilson.

Music: The Music Department also plays a big part in education. The chorus, led by Mr. Paul Lechner, sends a stream of melody through the halls. Mr. Ferraro and Mr. Schreiner lead the band. Both are elective courses.

# HOME EC.

Wilson High School girls, as well as boys, learn many skills from classes in Home Economics. The varied courses include cooking, sewing, child-development, and home management. There are six complete kitchens, many new sewing machines, and a beautifully decorated living area. The homemaking classes develop abilities that are useful for future home responsibilities.

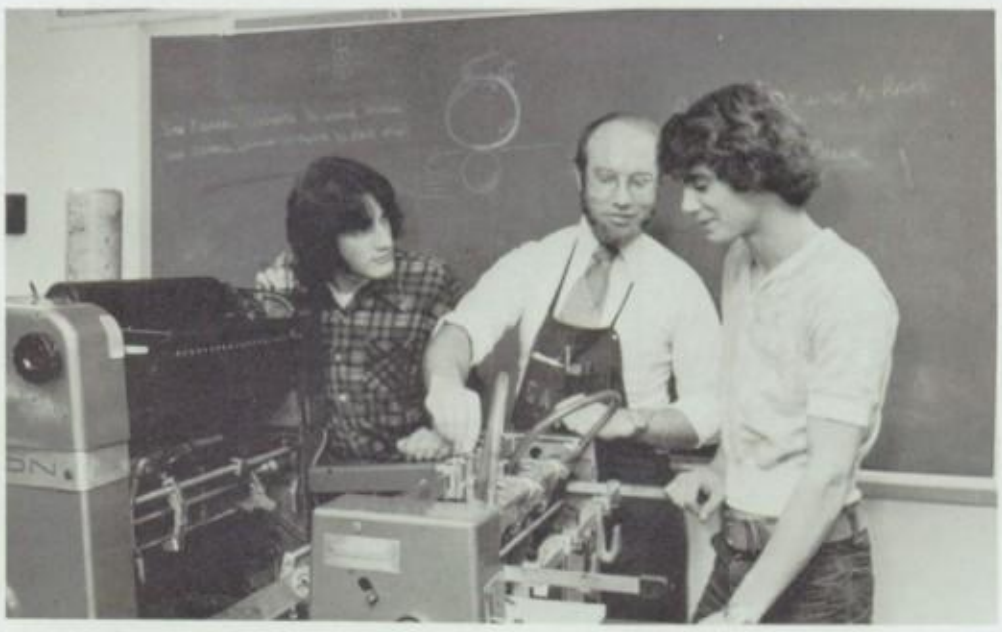
Mr. Taylor

The highly successful shop department is divided into six parts—wood shop, metal shop, print shop, drafting, mechanical drawing, and power mechanics. These shops enable students to further their education and augment abilities nurtured in the junior high. Most students are allowed to select their own projects and exhibit them in a combined art-shop exhibit in the spring of the year.



Jim, be sure you do not get your fingers caught!

# PSYCH AND READING

Don't look so thrilled Heidi!!

Psychology: Psychology is a blueprint to the mind. Dr. Gilbert, the Architect, gives students the opportunity to learn more about themselves while probing the different aspects of psychology.

Reading: Reading class is designed to help students increase their comprehension while learning to read faster. Many different types of materials are used, such as, novels, short storties and magazines.

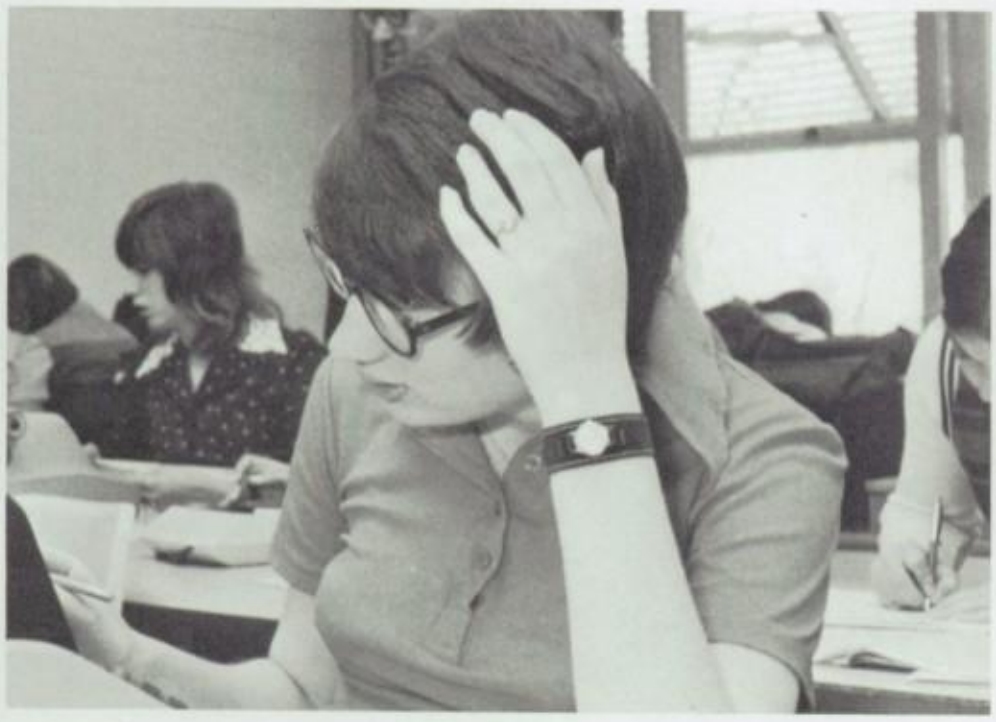
# T.V., NURSE, MR. HECKMAN



I've got a headache!

A new face around Wilson this year is Mr. Heckman, our new Atheletic director. Wilson has a wide and varied sports program. We needed someone with experience and responsibility. We have all of this in Mr. Heckman.

Mr. Dallas and his TV buddies are the people to look to for the action. Action as in lights and camera. The TV studio is always buzzing with some kind of filming.

Janet A. Moyer, Secretary

Dorice E. Reiff, Payroll Secretary

Mrs. Zeigler, Secretary

Although the secretaries on this page aren't as well known as those in the office, their jobs are of utmost importance to anyone employed by the Wilson School District. Bookkeeping and secretarial work in a payroll office can be a very calculating, demanding job, but these ladies handle it well.

Also unknown to many people, Mrs. Zeigler, Mr. Heckman's personal secretary, is always ready to assist those in need of information concerning the athletic programs offered at Wilson.

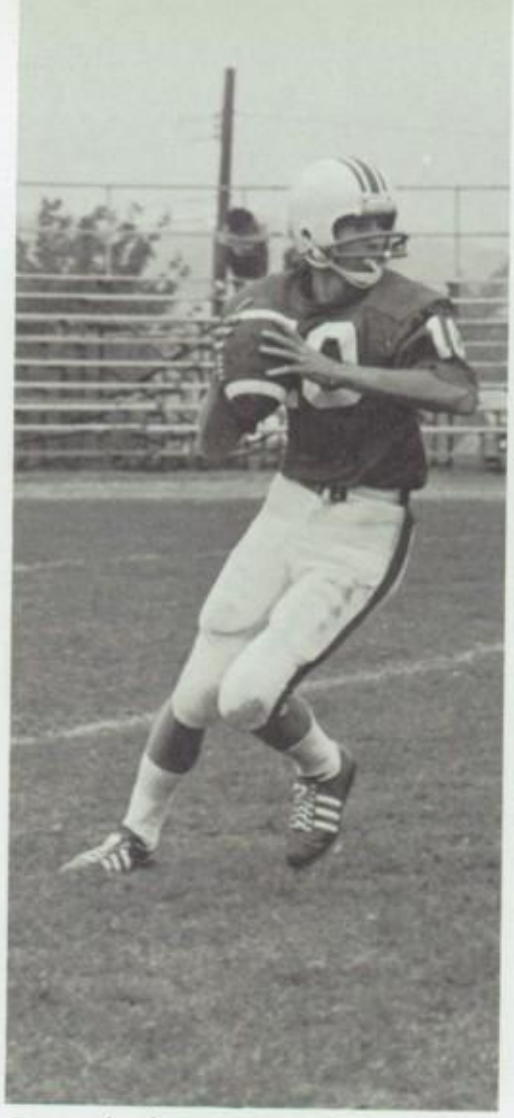
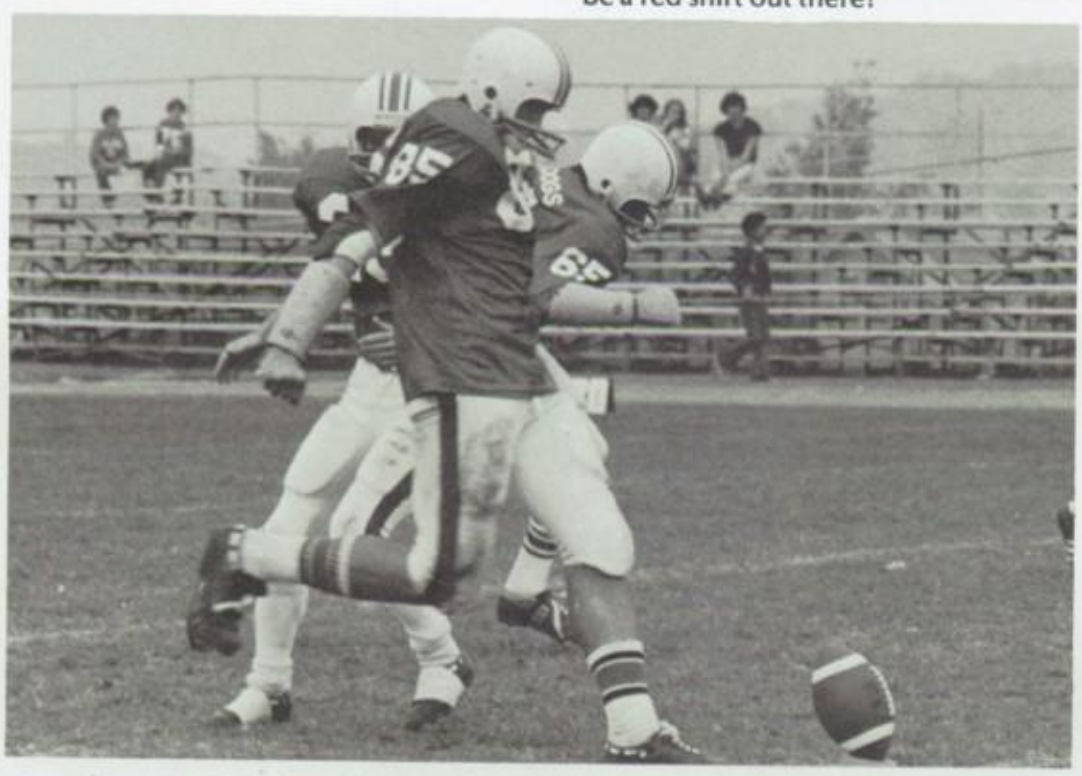
## PIGSKIN REPORT

When the 1974 football season started, many fans, including the coaches, were a little hesitant about the season. With what was called an "inexperienced team", no one knew what to expect. It would be a year for rebuilding. But, to everyones surprise, the mighty Bulldogs accomplished more than anyone expected. Despite rebuilding and numerous injuries, coach Gurski did have some bright spots. The team ran in six wins which put them on the road to becommong the "Tri County Co-Champions." They were stopped three times when they were defeated by Lebanon, Cedar Crest and Governor Mifflin. The seniors played great football this season and they received a great deal of help from the many hard hitting juniors and sophomores.



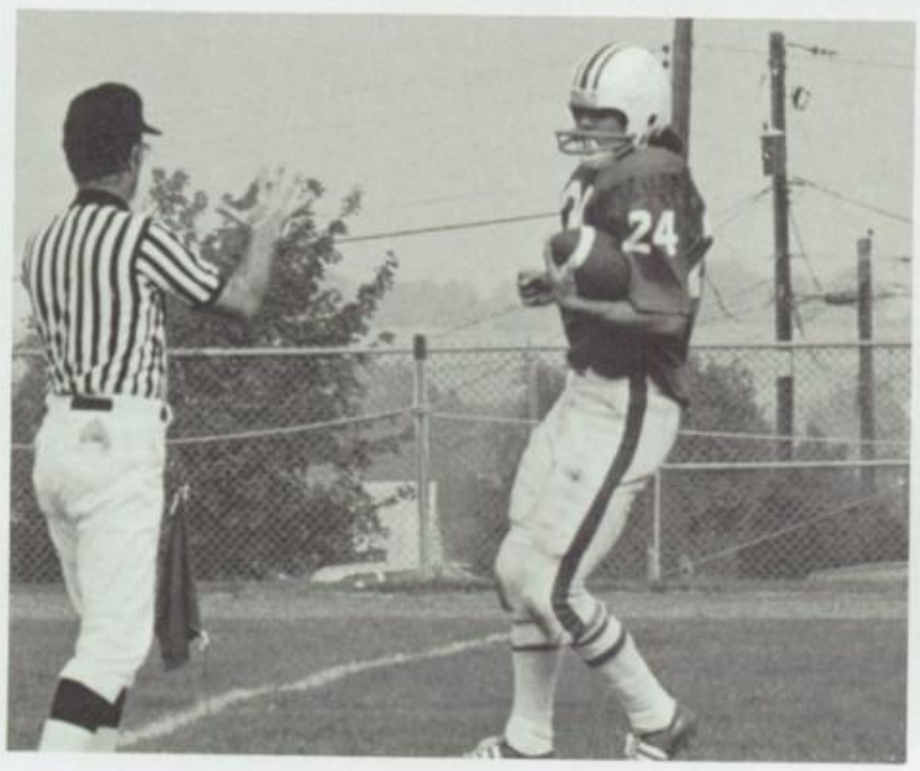
Quarterback Feinour: "There's got to be a red shirt out there!"

End, Tim Ebbert . . . He uses the "Hook Shot" in football too.



Darryl Darlak . . . The Co-Champs courageous kicker.

Fullback, Mike Hayes: "OOooo my wrist hurts."



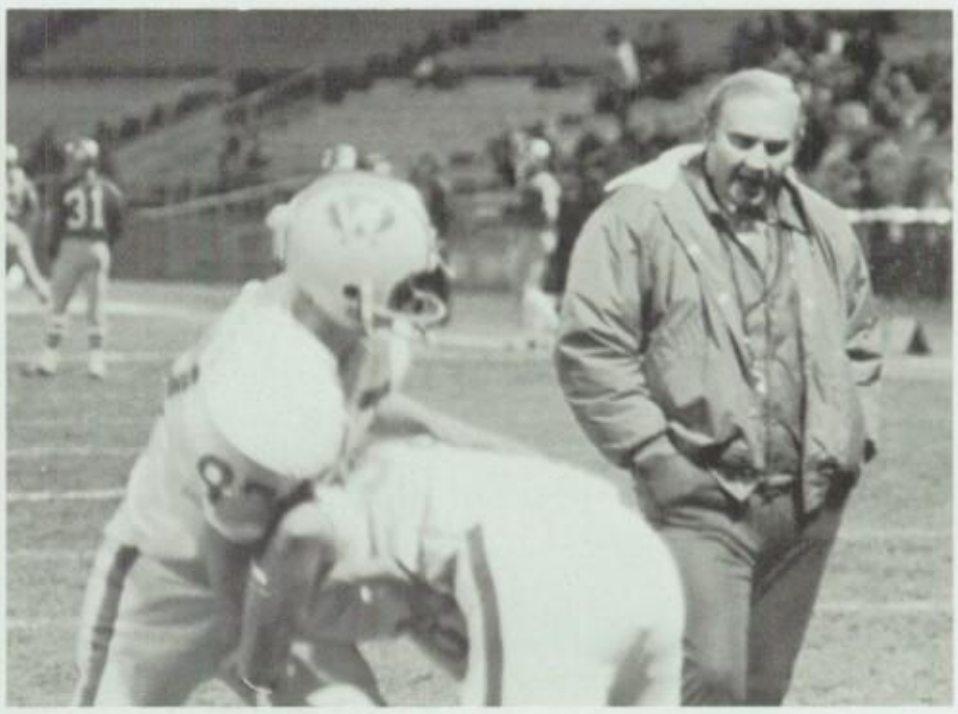
Halfback, Gary Snyder, scores for the Bulldogs.

Tim Starnes . . . Proud to be Lineman of the Year.

"Well, one of us has to get him."

On the way to victory.

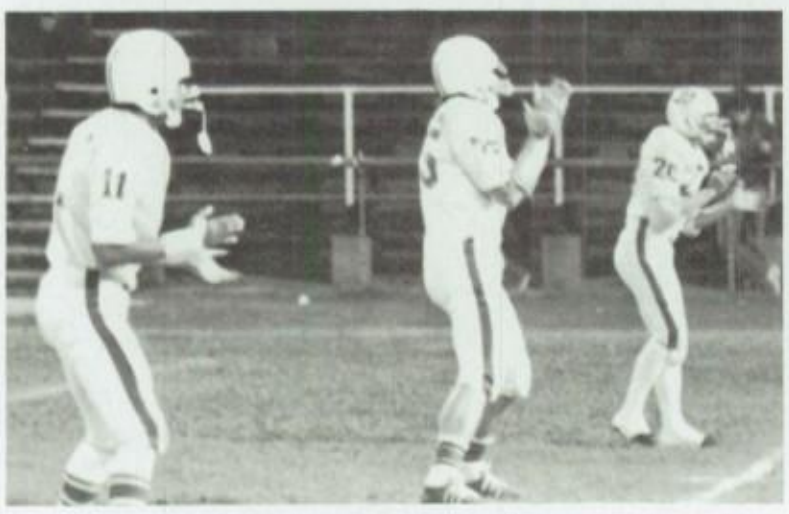
"Say fella!"



"Boys, can't that wait until after the game?"

"Chris, are you sure this is how it's done?"

What's the big attraction, guys?



The only way to get psyched.

"I hope we didn't scare our opponent away."

Aiello's muscles move his man.

Strewing the path with Blazers and Eagles and Scouts and Mules and finally the Mustangs, the Bulldogs defeated eleven Berks County opponents on their way to an unprecedented second Berks County Wrestling Championship. Even the loss of Jeff Smith and Tim Starnes by way of injuries failed to stymie the Bulldogs whose top point producers were Ken Sweitzer, Mark Weaver, Dave Moyer, Bob Aiello, Scott Wagner, John Brightbill, Mike Hayes, Drew Keiser, Doug Brown and Rick Ziemba. Post season competition saw Dave Moyer and Drew Keiser go to Districts and Keiser to the State tournament.

The Water Polo Team really got its feet wet this season when it entered intermural competition for the first time. The Varsity Team dived head first and came up with a splashing 7-2 season. The Junior Varsity Team, however, did a belly-flop, finishing with a 3-5 record.

"End Zone Gang"

Not between my legs you do

Al makes it look easy.

Speed, determination, skill and depth enabled the 1974-75 Bulldog Varsity basketball team to amass a respectable 17-5 regular season record and a 1-1 playoff record. This year's exciting team provided the end zone gang with some anxious moments during the one point victories over Warwick, Manheim, and Central Catholic and some frivolity during the romps over Holy Name, Hamburg, Conrad Weiser, Muhlenberg and Governor Mifflin. Onty two heartbreaking losses to the Spartans of Wyomissing frustrated the Bulldogs' attempt to win the Berks County West Division. The Seniors on this year's squad, coached by Reggie Weiss, were Tim Ebbert, Duane Daniels, Al Ruffner, Dean Exas, Dave Turner, Greg Deiterich, and Mark Bosold.

The Junior Varsity basketball team, coached by Bill Hoffman, finished the year tied for first with Wyomissing, with a 20-2 record.

## I.B.A. STATISTICS

This year in the I.B.A. championship game "Ten-Game" blew the "Puffer Kites" out of the Wilson High gym by a score of 52-27 to take the 1974-1975 I.B.A. championship.

Pictured below are the two high scorers, Tom Oberly (18 points) and Kirk Deem (16 points), who combined for 34 of "Ten-Game's" 52 points. Congradulations!

"Ten-Game's" team members included Tom Oberly—captain, Glenn Troxel—M.V.P. of I.B.A., Kirk Deem, Tex Meyers, Rich Ziemba and Coach Don Troutman.

The many faces of Gary Snyder as he crosses the finish line to win the 440 yd. dash. He'll do it every time!

We're very proud of the Wilson High track team, Berks County Champions for the second year in a row. The mile and two-mile relays set Berks County records as well as Tim Ebbert in the high jump, and Gary Snyder in the 100, 220, and 440 yd. dashes. The two-mile relay, with the triumphant foursome of Herm Pfisterer, Kurt Cornfield, Gary Poticher, and Jim Peters, was district champion. Gary Snyder was 440 runner-up champion at the district meet, so he, along with the relay, earned a berth in the state meet at Penn State. Gary placed fifth in that meet. Our thanks to all members of the track team for putting together another championship season. Coaches Firing and Mahon have a real dynasty!

# DEDICATION

The Class of 1975 proudly dedicates their yearbook to Mr. Peter W. Riffle. A teacher of special education and a friend to all, Mr. Riffle has added much to our four years at Wilson, and we leave with warm memories of him. For his help with Stanley Hammer, I.B.A., and for his captivating lectures we express our thanks and appreciation for efforts well-received.

# IN MEMORIAM

## MRS. RUTH HANNIGAN

### MUST WE KNOW?

Must we know what everything means?
The smell of a rose, the murmur of streams?
Or the light of stars, or the hush of the night?
Or the song of the thrush, or the ocean's might?

Must we try to explain the song that lingers?
Or the thrill that leaps to the tips of our fingers,
When our hand is clasped in the hand of a friend,
And life is changed from that hour to its end?

For me it is enough to say
That something beautiful passed my way.
